

VACANCY

After numerous years of involvement with junior training, firstly with Scotjos and more recently with the ESOA Juniors, Maureen Brown and Bill Stevenson have sadly decided that it is time for them 'to take a step back and allow some new thinking and younger legs to take their turn'.

As a result ESOA are now looking for someone to take over the role as Lead Coach for ESOA junior training from the start of 2019. This role involves coordinating the monthly coaching program and taking the lead on running the junior training sessions, with the help of other coaches. At present the coaching takes place on Saturdays and is usually held in conjunction with a local event. ESOA will appoint someone to coordinate the scheduling of the training sessions, obtaining any necessary permissions and contacting juniors.

Anyone considering becoming the Lead Coach must be a fully qualified coach.

Are you willing to take on this role?

The ESOA committee want to ensure that junior training continues and that all the hard work put into it by Maureen, Bill and their predecessors continues to be built on.

Please contact Kirsteen Kershaw, ESOA Secretary, kirsteen.kershaw@gmail.com if you want any further information or if you want to note your interest. We would be grateful if anyone thinking of taking on this role could advise us by Friday 5 October and include details of their coaching qualification.
